FINANCIAL POLICY

Welcome to OAWF. Please read the following for your financial obligation. You understand and agree that you are responsible and liable for payment of all charges for professional services rendered. If our office is participating with your insurance and accepts assignment, this means that we will accept what your insurance allows for the services performed which is less than our standard billed amount. Based on your plan, our office will collect an **estimated** patient responsibility amount at the time of your visit. Once your claim processes through your insurance, the patient responsibility may be more or less than the original **estimated** amount. You will receive a statement in the mail if there is a balance due by you that is due upon receipt. If you have a credit, our office will apply that credit to any open patient balances on your account. It is our office policy to hold all credits on your account until all open claims have processed by your insurance company.

You authorize payment of medical benefits to the physician/care center performing the professional services. In the event your insurance company forwards payment directly to you, you will deliver such payment to the physician/care center where services were performed.

PRIVATE PAY: Full payment is expected when services are rendered. We accept checks, cash, and most major credit/debit cards. *There is a charge for any returned checks*

PPO's & HMO's: You will be responsible for any copays, deductible, co-insurances, and non-covered services.
****It is the patient's responsibility to verify any required authorizations/referrals are in place prior to their visit****

Medicare: We are Medicare providers and accept Medicare assignment. You are responsible for the Medicare yearly deductible, co-insurance, and non-covered services. We will also file your secondary insurance as courtesy. If your secondary insurance does not make payment, you are responsible for this balance.

Medicaid: We do not participate with any Medicaid HMO's. The patient is responsible for payment if you have a Medicaid HMO.

Worker's Compensation: All authorized charges will be billed directly to the worker's compensation carrier. In the event your claim or service is denied, you will be responsible for this balance.

Auto/Personal Injury: For auto accidents or personal injury accidents it is your responsibility to provide us with your accident claim number and adjustors name and telephone number prior to your visit. On your initial visit for auto accidents, you must sign a DISCLOSURE AND ACKNOWLEDGMENT FORM for PIP benefits in order for us to be paid. You are responsible for any deductibles, copays, co-insurances, or non-covered services. We file auto insurance and accept assignment of benefits. We will also file your personal injury insurance, if applicable.
****Medicare and health insurance (if accepted) are filed secondary to your auto/personal injury insurance****

Litigation/Attorney: If our office accepts Letters of Protection, you are required to contact your attorney to provide this to us prior to treatment. You are ultimately responsible for any charges held under a letter of protection when your case settles or the letter of protection becomes invalid. Some services may not be held under the letter of protection at the discretion of the physician's office.

Minors: In the case of minors, any required payment is expected at the time of service. Required payment is the responsibility of the person bringing the child in for treatment. In no case shall a parent be billed unless prior arrangements have been made directly with that parent.

By signing below you are stating you understand and agree to all of the above terms and polices:

"I understand that I am ultimately responsible for all charges incurred regardless of my existing medical coverage. I accept responsibility for all patient balances due according to the above terms. Should my account become past due, the full balance is due and payable immediately. I will be responsible for all collection and legal costs incurred for collecting the delinquent balance on my account."
